Retail Price

\$28

California's prestigious Napa Valley needs no introduction. This beautiful and exclusive viticultural area has proven itself, vintage after vintage, to produce some of the world's most sought-after wines characterized by their intense flavors, developed structures and aging potential.

Picked at optimum ripeness, this wine aged for 28 months in Medium-Plus French oak barrels from the finest forests in Nevers and the center of France.

Boasting earthy aromas of cigar box, ripe raspberry and nutmeg, on the palate the wine's impressive structure is framed by unabashedly big-fruit flavors of blueberry and plum, offset by complex, deeper notes of cedar, clove and pencil lead. The full mid-palate transitions seamlessly into a long, interwoven finish of fig, tobacco and a subtle hint of oaky, sweet vanilla.

We recommend pairing with grilled eggplants, hearty blue cheese burgers or beef and ginger stir fry.

Drinking great now, this intense but balanced cab will also age for up to ten years.

HUNTED

BY OWL RIDGE

2021
Lodi
Zinfandel

Pursuit of the finest ends here.

Ripe raspberry aromas alongside notes of violet and caramel introduce a big and full-bodied wine. Concentrated dark fruit flavors of cassis and fig are offset by a hint of dried herbs and a subtle spiciness—a truly well-balanced Lodi Zinfandel.

The finish is long and slightly smoky with dark chocolate undertones complemented by vanilla, a product of the wine aging in premium French oak barrels.

Drinking great now, Hunted 2021 Lodi Zinfandel will age well for up to five years. We recommend paring this wine with spicy barbequed ribs, slow-cooked beef stew or grilled Portobello mushroom burgers.
